Pacin River – Leisure Park Route

Very close to Entrimo, next to the Pacin River, a leisure area and a river pool were created where one can cool off after the pedestrian walk that allows us to visit the archaeological site of Os Castelos – Pia da Moura. One of the best and most unique viewpoints in the entire Lindoso valley. This leisure area with picnic area is also known as “As perdices” (The Partridges). The beach has stairs to go down to the dammed stretch of the Pacin River. Next to the parking lot, there is a sign indicating the path parallel to the river, about 1.5 km away, which leads, if we continue straight on, to the Pozo Caído Waterfall. Towards the road where we arrived, we can wind along the river to see the natural pools called “dos Cirolos”.
